The meeting of the Territorial Teachers' Association and Joint County Institute, at Tucson this week, has proven a marked success in point of number in attendance and interest taken in the proceedings. Teachers in attendance from Cochise county are S. P. McCrea, Mrs. A. M. Dyer, Misses May Merriam, Lizzie Burns, Bertha Shobe, Etta Scherman, Ida M. Temple, Mary Moore, Lillian Vaughn, Edith Casey and P. H. Kirsch. On Wednesday a paper on the "History of Arizona" was read by Prof. McCrea, and also by Mrs. Dyer a paper discussing the subject of "Music in schools."

Hugh Conlon for Supervisor.

The petition that will tomorrow be presented to the appointing board asking the selection of Hugh E. Conlon to the vacant supervisorship, as the successor of Robert W. Barr, was signed by the most representative of our citizens and entirely irrespective of party affiliations. No effort was made to secure a larger number of signatures than is required by law, i. e., fifteen, although a few more were added last evening. The ORE has learned of the candidacy of other good citizens for the position, but as stated in our yesterday's issue the interests of this locality are paramount in this instance and Bisbee believes itself entitled to the appointment. The character and standing of those asking it cannot but prove to the appointing board that Bisbee's choice for the place is Mr. Conlon, and we do not believe that any other person will be appointed.

SURE CURE FOR COUGP.

Twenty-five Years' Constant Use Without a Failure.

The first indication of croup is hoarseness, and in a child subject to that disease it may be taken as a sign of the approach of an attack. Following this hoarseness is a peculiar rough cough. If Chamberlain's Cough Remedy is given as soon as the child becomes hoarse, or even after the croupy cough appears, it will prevent the attack. It is used in many thousands of homes in this broad land and never disappoints the anxious mothers. We have yet to learn of a single instance in which it has not proved effectual. No other preparation can show such a record—twenty-five years' constant use without a failure. For sale by all druggists. D

YOUR FACE.

Little Pimples Turn to Cancer.

Cancer often results from an impurity in the blood, inherited from generations back. Few people are entirely free from some taint in the blood, and it is impossible to tell when it will break out in the form of dreaded cancer. What has appeared to be a mere pimple or scratch has developed into the most malignant cancer.

"I had a severe cancer which was at first only a few blotches, that I thought would soon pass away. I was treated by several able physicians, but in spite of their efforts the cancer spread until my condition became alarming. After many months of treatment and growing steadily worse, I decided to try S. S. S. I bought a bottle and used it as recommended. The first bottle produced an improvement. I continued the medicine, and in four months the last little seed dropped off. Ten years have elapsed, and not a sign of the disease has returned."

R. F. WILLIAMS, Gillette, Miss.

It is dangerous to experiment with cancer. The disease is beyond the skill of physicians. S. S. S. is the only cure, because it is the only remedy which goes deep enough to reach cancer.

S. S. S. For the Blood

(Swift's Specific) is the only blood remedy guaranteed Purely Vegetable. All others contain potash and mercury, the most dangerous of minerals. Books on Cancer and blood diseases mailed free by Swift Specific Company, Atlanta, Georgia.
